

GETTING STARTED AND SUPPORT

Your first campaign, **step by step.**

Here is the path from signing up to your first finished piece, and how to reach us whenever you need a hand.

GETTING STARTED

1

Claim your FNTG pricing

Go to adlegends.ai/fntg and choose Claim FNTG pricing. Starting there tags your account as an FNTG agent.

2

Create your account

Sign up with Google or your email. You start with free Legend Credits, no credit card required.

3

Add your agency's website

Ad Legends reads it and builds your Brand Memory. Check your logo, colors and voice, and fix anything it missed.

4

Make your first piece

Ask for what you need: a Realtor co-marketing flyer, a month of social posts, a billboard idea. Review it, change it, approve it.

5

Download and use it

Download print-ready and social-ready files. Nothing goes out until you approve it.

6

Pick a plan when you are ready

Pick a monthly plan and the 10% comes off at checkout.
